## ➤ EDUCATION AND WORK EXPERIENCE

Biology degree (Pre-med)

Additional coursework

On-the-job training

## ➤ TYPICAL DAY

- Showing some students the aquatic bug they never knew existed
- Teaching students to map a watershed.
- Teaching students how to recommend streamside habitat management.
- Sometimes it's simple, sometimes it's complex!

## ➤ FAVORITE PART OF THE JOB

The variety!

No two rivers are alike.

No two students are alike.

They both have their own personalities!

I have traveled to every major watershed in NH.

## ➤ OTHER INTERESTING ASPECTS OF THE JOB

The work is never dull.

I am constantly challenged to learn new things outside of my comfort zone, especially technology.
